About Dwarahat

Dwarahat - Town of Temples

The peaceful town of Dwarahat is nestled in the ravishing Kumaon hills of Uttarakhand. It is perched at an elevation of 1,510 metres above sea level in the Almora district of Uttarakhand. Dwarahat literally suggests the 'Way to Heaven' in local language. It is famous for the ancient temples constructed by the Katyuri kings. The architecture of these temples is similar to that of the Gurjari School of Art.

About College

SSMMUSSS Govt. P.G. College Dwarahat was established in 1983 in Almora district with a motive of providing higher education to students of the surrounding area. It is affiliated to SSJ University, Almora. The college has its own library and Science Laboratories, Computer lab with Internet facility and all kind of modern facilities. The campus is divided into several blocks- Administrative Block, Arts Block, Science Block, Commerce Block and Library. College offers various Post Graduate and Under Graduate level courses.

Account Details for Depositing Registration Fee:

A/c Name: GOVERNMENT PG COLLEGE SEMINAR

A/c No: 004100100006999

IFSC Code: AUCB0000005

Note: Only RTGS or NEFT will be Accepted. Transfer of registration fee will not be accepted by PhonePay, GooglePay or UPI. Demand Draft should be in the name of GOVERNMENT PG COLLEGE SEMINAR.

AIM

A crucial challenge for humanity is to reduce the adverse effect of climate change. The consequences of climate change have several multifaceted effects which might lead to the collapse of the ecosystem and loss of biodiversity. Uttarakhand is mostly known for its rich and varied biodiversity. The Himalayan region is well known for its medicinally and commercially important herbs, some of which are now endangered due to climate change. This seminar will give some new ideas for minimizing the adverse effect of climate change.

THEMES

Climate Change

- Environmental Pollution and climate change
- New approach for pollution control
- Impact of climate change on bio-resources
- Natural products and green chemistry
- Impact of Climate Change on natural products
- Green technique for extraction of natural products
- Green chemistry
- How to minimize the impact of climate change
- Space weather and climate change
- Recent changes in climate and its impact on Uttarakhand
- Role of natural resources in development of remote hill areas and economic potential.
- Environmental friendly pesticides.
- Natural products for sustainable empowerment of society
- Social and economic impacts of climate change
