Analysis and action-taken report of Teachers' Feedback Report 2023-24

Aspect	Analysis	Action Taken/Recommended
Syllabus Suitability	78.9% of teachers agree or strongly agree the syllabus is suitable.	Maintain syllabus structure; periodic review for further alignment with evolving academic needs.
Library Resources	Only 42.1% strongly agree books are sufficient; 26.3% are neutral.	Increase procurement of prescribed books and promote digital library access.
Theory and Application Balance	68.4% believe the syllabus balances theory and application.	Introduce additional practical and application-oriented sessions.
Optional Papers	68.4% agree optional papers are adequate, but 10.5% strongly disagree.	Expand options for electives to cater to diverse academic interests.
Infrastructure	52.7% dissatisfaction regarding facilities like classrooms and restrooms.	Allocate funds for infrastructure improvement and regular maintenance.
Freedom in Teaching Strategies	Over 85% agree teachers have freedom in adopting new strategies.	Continue encouraging innovative teaching methods; provide training for new pedagogical tools.
Institutional Support	68.4% find administration teacher-friendly.	Strengthen communication channels between administration and faculty for improved collaboration.
Professional Development	68.4% believe opportunities are fair; 21.1% are neutral.	Introduce more structured and transparent professional development programs.
Research and Project Support	52.6% satisfied, but 36.9% are neutral.	Increase funding and provide mentorship for faculty research initiatives.
Curriculum Relevance	63.1% find curriculum relevant; 15.8% disagree.	Enhance real-life application content in curriculum through industry-academia collaborations.
Grievance Resolution	73.7% agree the grievance system is timely and effective.	Ensure consistent monitoring of grievance redressal mechanisms.
ICT and Labs	47.4% agree facilities are adequate; 36.8% dissatisfied.	Upgrade ICT tools, lab equipment, and provide technical support for optimal use.
